Flying Accident

Extract from the "Rhyl Journal"
North Wales, Eng. Dec. 13.

Lieut. Harold Connah, one of
the Royal Air Force Instructors
had a nasty accident in town
yesterday. In making a spiral
accent from the beach the spec-
tators in their eagerness closed
in too near to allow a perfect
rise. A boisterous wind, blow-
ing heavily from the sea, caught
the aeroplane sideways, and to
avoid serious injuries to the
crowds of people, the airman
took the risk himself and
wrecked his machine. Lieut.
Connah and his observer were
both seriously injured but are
coming around nicely.

Lieut. H. Connah is the eldest
son of Chas Connah, Monitor.

Note and Comment

Canadian farmers are protected from the evils of planting inferior seed of many kinds of crops imported from other countries. By a recent order-in-council importation is prohibited of unfit seed of clovers, grasses, vetches, rape, other forage plants, field root and garden vegetables in lots of ten pounds or more.

In Pamphlet S-12 of the Seed Branch, Department of Agriculture, Ottawa, and obtainable from the Publications Branch, unfit seed is described as that which does not comply with the Seed Control Act requirements respecting the sale of seed in Canada, or if it has been refused admittance into any other country on account of low vitality.

The regulations will be carried out by the Custom's officials.

Farmers are warned that the oats this year are of a very low quality, when used for seed, and should be thoroughly tested for germination before spring. Out of 3,320 samples, sent in to be tested by the Seed Dept. at Calgary and Regina, only 20% gave a good germination test, 50% could be used after a thorough cleaning, and 30% were useless as seed. Extra care should be taken in the selection of your seed, and it must be tested first. Make the test yourself or else send a sample to Calgary.

The first number of the Thrift Magazine, published under the direction of the National War Savings Committee, has made its appearance. The especial purpose of this publication is to further the War Savings and Thrift Stamp movement among the schools of Canada. Ten numbers are to be published by June, one every two weeks.

This magazine will be supplied free to every school teacher in the Dominion and may be had on application to the office of publication, 371 Bloor St. W., Toronto.

The Commission of Conservation in Canada has issued a farmers' account book in which he may keep a record very simply of the crops he grows and the income from them. There is a place for all farm expenses, seed, poultry, cattle, hogs, etc., a place for an annual inventory of all implements, stock, grain, buildings, etc. Write to the Commission at Ottawa for a copy.

Cultivate the saving habit for your own sake and your country's sake—buy Thrift Stamps.

BUSY BIDEFORD

Bideford had a busy week at the Farmers' Elevator when a car of seed oats arrived and the farmers came in to take home their supply for Spring. It is the fervent prayer of everyone that 1919 may not only be the year of peace but of plenty. If another cropless fall comes some folks prophecy that they will be broke completely and will hike to pastures new where a kindlier climate will save them from so many disappointments.

Save your quarters and buy Thrift Stamps.

Very appropriate comes the words of a little leaflet written by Capt. Dawson, Pres. of the Y. M. C. A. of Bonerworth "Nil Desperandum." The message is one of wisdom, the references are to religious life, but it is equally applicable to practical matter of fact, everyday affairs for the farmer above all men is he whose life is one of faith and hope. "Hope springs eternal in the human breast." "Man never is but always to be blest."

We hear that Cliff Watling enjoys life A1 in B.C. After an anxious time of flu nursing they are now well and find the bush country a pleasant place.

Dolly Proctor writes a cherry letter from Moose Jaw, sending greetings to all old friends.

Dolly finds much interest in the city and writes an interesting letter. She is attending business college and likes the work fine. We all miss you, Mrs. Jiggs.

Mrs. Stinson is going to Brandon Hospital to have another operation performed and it is to be hoped it will be successful and that our friend will be able to enjoy good health again.

They both like Alx very much and think it a good location for mixed farming.

The W. Institute meets at the home of Mrs. McLeod. Please, ladies, a good turn out. All visitors welcome.

Dinnie Runion tells us that Nels Solan is coming home, the letter came from Australia, it is to be hoped Nels was not one of the victims of the ship lost at sea in a storm, reported in a Vancouver paper.

George McLeod is the local agent of the Holland-Canada Mortgage Co.

The following letter was re-
ceived a few days ago by the
Secty of the Kirriemuir Red
Cross Society.

Bramshott, Eng.,
21/12/18.

To Kirriemuir Red Cross.

I now pen you a few lines to
let you know that I received
the Box you sent me O. K., and
many thanks for same. Ray-
mond Campbell has his O. K., and
wishes me to thank the
members of the Red Cross for
same.

The contents of my box were
in excellent shape, and best of
all it just came at the right
time. As I am now on night
duty on the police force and had
missed my breakfast and dinner
when I woke up I was sure hun-
gry, and I found setting on the
bed beside this parcel, so I just
had something to eat before I
got out of bed.

Well we have much to be
thankful for that this dreadful
war is over, and to have the
bright prospect of soon going
back to the loved ones and the
place we came from, not that I
dislike the army life so much, I
rather like it, but civil life is
better. Wishing the Red Cross
members a Prosperous year.

Yours affecty
Harvey Anderson.
